---

Thank you to all the TIs who pushed past their pain to plan, prepare, and progress. Thank you also to Chief Daymond for being our special guest. Remember: ALL gangstalkers are perpetrators, but all perpetrators are not gangstalkers. Gangstalkers do not function alone. Gangstalking is a FEDERAL crime.

## Notes

- Local FBI offices can receive suspect terrorist referrals and submit names to the database without due process. True uncontroverted fact: USDOJ acknowledged that Defendant FBI approves nominations to the TSDB without complying with any requirements.

## Action Items

1. Treasured Individuals (TI's) voice your knowledge and concerns about the use of energy weapons being used under the disguise of 5G wireless technology. [Click Here For Details.](#)
